

C7000 Series Door Closer

Applications, Features, & Covers, Arms and Plates

APPLICATIONS:

Suitable for moderate to heavy-traffic doors in office buildings, hospitals, schools, hotels, restaurants, nursing homes, apartments, and retail complexes. Shipped with closer body, slim-line (C73) or full (C75) cover, slider-type arm, parallel arm bracket, wood screws, machine screws, sex nuts and bolts, and parallel arm shoe. Non-handed for standard, top-jamb and parallel arm installations. Sweeping and latching speeds are controlled by separate, adjustable regulating valves to provide consistent closing speed. Needle bearing application for smooth operation. Adjustable backcheck standard.

FEATURES:

CERTIFICATIONS: ANSI A156.4, Grade 1, UL Listed, ISO 9001 certified. Meets ADA requirements when adjusted to size 1.
