--------------------	-----

TERMS AND CONDITIONS:

LIMITED WARRANTY:

General Lock warrants its exit devices to be free from defects in mechanical operation and workmanship for a period of 1 year from the date of purchase. However, this warranty does not apply to products (i) used for purposes for which they are not designed or intended; (ii) which have been subjected to alteration, abuse, misuse, negligence or accident; (iii) which have been improperly stored, installed, maintained or operated; (iv) which have been used in violation of written instructions provided by General Lock; or (v) which have been subjected to improper temperature, humidity or other environmental conditions (i.e. corrosion). General Lock will, at its option, repair or replace its products, which in its opinion are found to be defective. Products repaired or replaced under this warranty are covered only for the remainder of the original warranty period. THIS WARRANTY IS IN PLACE OF ALL OTHER WARRANTIES, EITHER EXPRESS OR IMPLIED, AND EXCLUDES THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. The following costs and expenses are not covered by the provisions of this limited warranty: (i) labor costs for the removal and reinstallation of exit devices; (ii) shipping and freight expenses required to return the exit devices to General Lock or an authorized seller; (iii) normal maintenance; and (iv) any other incidental, consequential, indirect, special and/or punitive damages, whether based in contract, warranty, tort (including, but not limited to, strict liability or negligence), patent infringement, or otherwise, even if advised of the possibility of such damages. General Lock's maximum liability under this limited warranty is limited to the original purchase price of the product.

ORDERING / QUOTES:

Possession of prices from General Lock does not commit General Lock to accept any order. General Lock reserves the right to refuse any order and will not be bound to fill any order until it has been accepted by a representative of General Lock and confirmed by a written acknowledgement. Quotations are valid for ninety (90) days following the date of quotation. Orders must be submitted in writing.

CLAIMS:

Every possible care is taken in the final examination and packing of goods, and no complaints can be entertained unless made promptly on receipt of goods. No claim will be allowed for work done by others, consequential damages, or other expenditure, and General Lock's undertaking to repair or replace defective goods is its only liability. No claim for damage, shortage or loss in transit will be considered unless notice in writing is given to the carrier and to General Lock within ten (10) days of receipt of goods.

RETURNS:

Customer must advise General Lock of merchandise to be returned and an RGA will be issued. Goods returned without an RGA will not be accepted by General Lock. Full credit against future purchases or replacements will be made at the option of General Lock if its investigations reveal goods were shipped in error or are defective in workmanship or material. Otherwise, a restocking fee of no less than fifty (50%) percent or \$100 Net (whichever is greater), will be charged to return standard stock products, custom or "special" order items will be handled on a case to case basis.

BACK CHARGES:

General Lock is not responsible for, does not authorize, and will not accept any charges for the cost of labor or materials incurred by anyone other than General Lock for any installation, repair, service or replacement unless incurred with General Lock prior agreement and written consent.

SPECIAL ORDERS:

Products not listed in this catalog are considered 'special order products' and must be authorized by the factory. Some items will require a minimum purchase quantity or additional charges. Unless quoted differently from the Factory, standard factory lead times of 8-12 weeks will apply. Orders for 'special order products' are non-cancelable and can not be returned unless defective.

ED2300 Series Exit Devices

Applications, Features, and Other Information

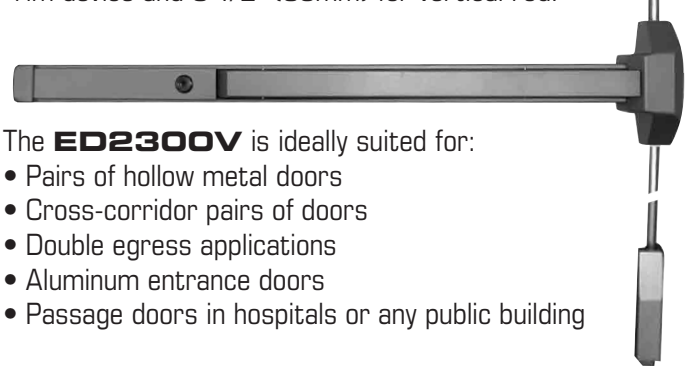

APPLICATIONS:

For use on a single door or double doors with or without mullion. Vertical rod (V) for use where two-point latching is desired. For 1-3/4" (44 mm) thick standard RHR or LHR hollow metal doors, and wood doors. Minimum stile width: 3-7/8" (98 mm) for rim device and 3-1/2" (89mm) for vertical rod.

The **ED2300R** is ideally suited for:

- Single exterior doors
- Single exit doors
- Pairs of Doors with Mullion
- Aluminum entrance doors
- Passage doors

The **ED2300V** is ideally suited for:

- Pairs of hollow metal doors
- Cross-corridor pairs of doors
- Double egress applications
- Aluminum entrance doors
- Passage doors in hospitals or any public building

FEATURES:

CERTIFICATIONS: UL Listed for panic exit hardware (P) or fire exit hardware (F). A-label, 3-hours.

MATERIALS: Housing, end cap, and push bar all steel. Chassis is plated steel. Head cover is a non-ferrous alloy.

SIZES: 36" and 48"

FINISHES: 689 Sprayed Aluminum
695 Duranodic

STRIKES: ED2300R: 232 rim strike standard on ED2300R-P (with 236 shim standard) and 233 rim strike standard on ED2300R-F, double-door strike: 237.
ED2300V: 234 top strike and 235 bottom strike standard on ED2300V. Other strikes sold separately in exit device accessories section.

LATCHBOLT: ED2300R: Stainless steel, 11/16" throw
ED2300V: Stainless steel, 11/16" throw, 1/2" throw on bottom bolt

CYLINDER INFO: Rim cylinder does NOT come standard with the ED2300 Series. Please order separately.

MOUNTING: Furnished standard with machine screws and sex nuts and bolts

DOGGING: Allen-type 3/16" (hex) key dogging standard. No dogging on fire-rated devices.

WARRANTY: 1-year mechanical warranty

CYLINDERS:

Exit devices are sold less cylinder. Rim cylinders in various keyways can be found in the cylinder section. KIL trim includes 5-pin, SCH C keyway cylinder KD.

INSTALLATION HARDWARE:

Exit devices are packed with standard machine screws for flexible installation solutions.

STRIKES:

E2300 devices are furnished with high-grade, surface-mounted roller strikes. The ED2300R-P device is furnished with a shim. A double-door strike is also available for the ED2300 series. Vertical rod devices are furnished with top and bottom surface-applied strikes.

OTHER INFORMATION:

Other finishes, exit device types, and kits may be available as a special order. Please call General Lock to see if we can process your request.

All exit devices come "Exit Only". Trim is sold separately.

All devices and accessories are to be used on a 1-3/4" standard door. Please call General Lock for door thickness other than 1-3/4".
